

SYRACUSE ACADEMY
OF SCIENCE AND CITIZENSHIP

How do we define **CITIZENSHIP?**

Education is not just about book smarts. We believe soft skills like leadership, teamwork, kindness, forgiveness, perseverance, and integrity are equally as necessary as a strong academic foundation. This is why we partnered with the Positivity Project™ to integrate character development as a core component of our daily curriculum and school culture.

THAT'S **36** LOCAL JOBS CREATED!

TECHNOLOGY IN THE CLASSROOM

+ CAMPUS WIDE WI-FI

LAPTOPS

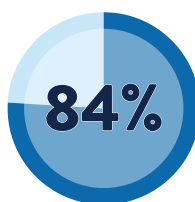

TABLETS

DESKTOPS

Our commitment to incorporating technology into the classroom has our current student to device ratio at **1 device for every 1.3** students.

FREE & REDUCED LUNCH

As a CEP school, we offer free lunch and breakfast to all students, regardless of individual family income. This metric helps us track our student population to ensure we offer all available federal assistance.

STUDENT, TEACHER, PARENT TRIAD

As a district, we understand our students have lives away from school, so we partner with their families to develop an understanding of what that life is like to help better serve our students.
